UTC: University Technical College

VA: Voluntary Aided

VC: Voluntary Controlled

#### Schools in the Process of Conversion to Academies

(NB. Maintained Nurseries may not convert to academy status.)

Phase/Type of School	School Name	Academy Trust	Target Conversion Date
Primary	Burrough Green CofE Primary	ACT Multi Academy Trust	1 Apr 2024
Primary	Fowlmere Primary School	CAM Academy Trust	1 Apr 2024
Primary	Harston and Newton Primary School	CAM Academy Trust	1 Sep 2024
Primary	St Alban's Catholic Primary	Our Lady of Walsingham Multi Academy Trust	1 May 2024

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

### Changes in Academy Trusts or Transfers of Schools between Trusts

Phase/Type of School	School Name	Outgoing Academy Trust	Incoming Academy Trust	Target Transfer Date
N/A	N/A	N/A	N/A	N/A

### Planned and Proposed Changes

District	Phase	Location	Nature of Change	Implementation Date
Cambridge City	Secondary	North Cambridge Academy	A scheme to provide a modest increase in places and address suitability issues at the school is being developed.	September 2024
Cambridge City	Primary Resourced Provision	St Laurence Catholic Academy	Plans are progressing to establish a new Enhanced Resource Base (ERB) at the school to meet the needs of learners who are cognitively able to access a mainstream curriculum but who require significant additional support to do so due to social, emotional and mental health (SEMH) needs. The ERB is expected to admit 8 children with Education, Health and Care Plans (EHCPs) and 2 children who may or may not have an EHCP, but who are at risk of placement breakdown due to SEMH needs.	September 2024
East Cambridgeshire	Early years and Primary	Kennett Primary School	The garden village proposal for Kennett (500 homes) includes relocation, and expansion of the existing primary school. The school's capacity will increase from 105 and 210 places and the number of early years places will also increase. The Staploe Education Trust have submitted a business case in support of this proposal to the Regional Schools Commissioner. This will be a precursor to discussions about site disposal. The programme for the capital scheme indicates a possible opening date for the new school of September 2024.	September 2024

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Phase	Location	Nature of Change	Implementation Date
East Cambridgeshire	Primary	Littleport Primary School	Continuing housing development in Littleport is expected to require more school places. The Council proposes to increase the school's capacity from 420 to 630 places	September 2025
East Cambridgeshire	Early Years	Millfield Primary School	The council proposes to increase the capacity of the early years provision at the school from 24 to 48 full-time equivalent places.	September 2024
East Cambridgeshire	Early years and Primary	Rackham CE Primary School	Several housing developments are underway in Witchford, and pupil numbers are expected to increase above the school's capacity. A feasibility study is in progress to expand the early years setting and the school from 330 to 420 places.	September 2026
East Cambridgeshire	Primary	Robert Arkenstall CE Primary School	Several housing developments are underway or planned in Haddenham and Wilburton, and pupil numbers are expected to increase above the school's capacity. The Council and school are developing a scheme to expand the school from 270 to 330 permanent places.	September 2025
East Cambridgeshire	Secondary	Witchford Village College	The Council and school are developing a scheme to increase the capacity from 900 to 975 places and improve the suitability of accommodation.	September 2025
East Cambridgeshire	All through Special	Highfield Littleport Academy	The Council and school are planning a 50-place expansion to meet the growing demand for special school places in East Cambridgeshire, and countywide. The scheme will be funded using additional High Needs Provision Capital Allocations (HNPCA) as a result of Cambridgeshire's safety valve agreement.	Summer 2025
Fenland	Secondary	Sir Harry Smith Community College, Whittlesey	An expansion of Sir Harry Smith Community College, Whittlesey, to 8FE (plus 250 place 6 <sup>th</sup> form) is currently underway. It includes additional classrooms and some specialist teaching spaces, alongside an expansion to existing dining and kitchen facilities.	February 2024
Fenland	Primary	Manea Primary School	Proposals for the extension of Manea Primary school and pre-school are currently awaiting a decision from planners. This should be by 1 <sup>st</sup> March. It is intended that the construction work will commence in the	Autumn 2024

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Phase	Location	Nature of Change	Implementation Date
			Summer term 2024, with a view to occupying the new buildings from the end of October 2024.	
Fenland	Secondary Special	Riverside Meadows Academy, Wisbech Green	Riverside Meadows is a special school for secondary age learners who have Education, Health and Care Plans (EHCPs) and a primary need relating to their social, emotional and mental health (SEMH). The school is split across 2 sites: St Neots and Wisbech Green. Due to the need to expand the provision, and due to condition issues, the Wisbech school site has been relocated and enlarged to provide an additional 30 places.	September 2023
Huntingdonshire	Primary	Ermine Street Church Academy, Alconbury Weald-Phase 2	Progression with the build-out on the Alconbury Weald development is such that we now plan to expand Ermine Street Church Academy, the first primary school on the Alconbury Weald development. This will increase the size of the school from 2FE/420 places to 3FE/630 places.	Current target date: Autumn 2024
Huntingdonshire	Secondary	St Neots	A feasibility study to expand the two existing secondary schools in St Neots, Longsands Academy and Ernulf Academy, has been completed. Current forecasts show that pupil numbers have fallen and there is no current need to provide additional secondary places. A mainstream, non-faith, 11-16 secondary school with 600 places, promoted by Advantage Schools Trust, was approved by the DfE to pre-opening stage under Wave 12. Having been paused for a period, the DfE confirmed that its property arm LocatED has resumed its search for a site for this school and is reviewing the possible options.	TBC
Huntingdonshire	All through Special	St Neots	A project is underway for the expansion of Samuel Pepys area special school to increase capacity from 102 to 165 from October 2024. Given that the school has 125 currently on roll, the project will remedy existing capacity issues and provide 40 new places. This is part of a wider strategy to meet the growing demand for special school places in Huntingdonshire, and countywide.	New build: September 2024  Internal work in existing building: October 2024

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Phase	Location	Nature of Change	Implementation Date
Huntingdonshire	Primary Resourced Provision	Wintringham Primary Academy	DfE agreement has been given to establish a new Enhanced Resource Base (ERB) at the school to meet the needs of learners who are cognitively able to access a mainstream curriculum but who require significant additional support to do so due to social, emotional and mental health (SEMH) needs. The ERB is expected to admit 8 children with Education, Health and Care Plans (EHCPs) and 2 children who may or may not have an EHCP, but who are at risk of placement breakdown due to SEMH needs.	March 2024
South Cambridgeshire	Secondary (with Post-16)	Cambourne	Further capacity is planned at Cambourne VC to meet demand from future phases of housing development at Cambourne West, where 2350 homes have been approved. The college expansion project comprises a four-form entry (600 place) extension for 11–16-year-olds (taking the overall capacity to 11 forms of entry) plus a 350 place sixth form. Pupil numbers at the college are being managed working with the Cam Academy Trust. Work on the revised programme will begin on site in September 2022 with the handover of certain blocks taking place in phases from September 2023 through to the sixth form handover for September 2024.	September 2023 to September 2024
South Cambridgeshire	Secondary Special	Satellite of Martin Bacon Academy at Swavesey Village College	Two planned expansions of Martin Bacon Academy are in train. The first via a satellite site at Swavesey Village College which will provide an additional 40 area special school places. The 40-place expansion is intended to meet the needs of learners with complex needs, who require the specialist support of Martin Bacon Academy, but who may benefit from access to a mainstream school site and some elements of a mainstream curriculum. It is also anticipated that some pupils accessing the satellite will be able to transition from the satellite to mainstream education.	Satellite: Easter 2024.  Sixth Form: TBC

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Phase	Location	Nature of Change	Implementation Date
			The second is an expansion co-located with the Northstowe Secondary college sixth form and immediately next to Martin Bacon Academy which will provide an additional 20 places for young people aged 16-19.	
South Cambridgeshire	Primary and Secondary (with Post-16)	Northstowe	The second primary school for Northstowe will be 3FE (630 places) and is co-located on the education campus, where existing schools are run by Meridian Academy Trust. Due to the primary school's location, the trust changed the age range of Northstowe Secondary College from 11-19, to 2-19 to enable it to become an all through, all-inclusive school. Northstowe Secondary College opened in September 2019 with capacity to accommodate 600 pupils. It is planned to open its second phase to expand the school to provide 1,200 places for pupils aged -11-16 and 400 sixth form places.	Primary School: January 2025  Secondary School: End of 2024

### New Provision

District	Location	Phase	DfE Free School Wave (if applicable)	Nature of Change	Implementation Date
Cambridge City	North West Cambridge Primary School, Darwin Green (NIAB)	Primary (with nursery)	Free School Presumption Process	The presumption process to identify a sponsor for the school concluded in Spring 2023, with Discovery Schools Academy Trust being appointed, with approval from the Children & Young People's committee, and the DfE. The target date for opening is September 2025	September 2025, but remains under review.
Cambridge City	Cambridge City Free School	Secondary	Wave 12	Knowledge Schools Trust has been approved as the sponsor for a new secondary school in the East of Cambridge. Agreement has been reached for a secondary school, which would ultimately be 900 places (6FE), but which could open as a 600 place (4FE) school. There is in principle support for securing community access to appropriate facilities, subject to clarity about the type and range of access and provision being available.	Unknown but unlikely to be before 2030

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Location	Phase	DfE Free School Wave (if applicable)	Nature of Change	Implementation Date
Cambridge City	North West Fringe Secondary School	Secondary	Free School Presumption Process	Pre-implementation meetings with the school sponsor CMAT and the DfE have commenced. The opening date remains under review dependent upon the pace of development.	September 2026, but remains under review
Fenland	Wisbech	Secondary (with Special)	Wave 14	A new 4FE secondary school is planned. The Brooke Weston Trust's application to run this new school was approved by the DfE and granted permission to move to pre-opening stage in February 2021. The secondary school is now being delivered by the DfE using its own contractor framework. The growing demand for places in Wisbech means the DfE, Brooke Weston and CCC are working to open the school earlier, in temporary accommodation. A definite timescale for this has not yet been agreed.	The DfE plan to build the permanent accommodation ready for September 2026.
Fenland	March area	All through Special	Safety Valve	In August 2023, the DfE announced funding for a centrally delivered special free school to meet the needs of children and young people, aged 3-19 who have Education, Health and Care Plans. The new area special school will admit children with complex needs who are unable to access a mainstream curriculum. The new school will be in the March area of Fenland. A site search has been conducted and sponsor selection process is ongoing.	September 2026
Huntingdonshire	Sawtry	Primary	Free School Presumption Process	The Glatton Road site application for 350 dwellings in Sawtry includes a site for a new primary school to serve the village. The presumption competition to seek a sponsor to run the new school has been completed and the Regional Schools Commissioner has confirmed Meridian Trust as the new school sponsor. Initially, the school will have capacity for 1FE and 2 nursery classes, but built with core facilities to expand to 2FE as and when pupil numbers suggest this is necessary.	Likely September 2026, depending on DfE confirmation and build-out of development.

## Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024

District	Location	Phase	DfE Free School Wave (if applicable)	Nature of Change	Implementation Date
Huntingdonshire	Alconbury Weald Secondary School	Secondary	Wave 11	A site has been secured, through s106, on the Alconbury Weald development sufficient for an 8FE (1200 place) secondary school. Secondary pupils are currently directed to Sawtry VC in advance of the opening of the secondary school. DEMAT has been confirmed by the DfE as the academy sponsor. The school includes 6 <sup>th</sup> form provision.	Currently under discussion with the school Sponsor, the DfE and neighbouring schools.
Huntingdonshire	Alconbury Weald Special School	All through Special	Free School Presumption Process	A 150 place area special school on the development is in train. This will serve the 3-19 age range. Following a sponsor selection process, Horizons Education Trust (formally Spring Common Academy Trust) was approved to run the new school. This will be co-located with the secondary free school at Alconbury Weald.	Opening expected September 2024.
South Cambridgeshire	Cambourne West Primary School	Primary	Delivery route yet to be determined	New primary schools are planned to serve the Cambourne West development. However, there has been a fall in annual births in Cambourne, hence the opening date of the first new school is likely to be delayed to ensure that any new provision does not undermine the financial stability of the existing schools.	TBC, subject to wider development progress.
South Cambridgeshire	Waterbeach	Primary	Free School Presumption Process	Following outline planning approval for the first phase of the major new development of 6,500 homes at Waterbeach Barracks, an initial phase of development of around 1,600 homes is under construction. Anglian Learning Trust is the sponsor of the first new primary school consisting, of 78 early years and 630 primary places. The planning application for the new school is subject to a delay, because of planning issues.	TBC, subject to planning.
South Cambridgeshire	Gamlingay	Secondary special	Safety valve	In August 2023, the DfE announced funding for a centrally delivered special free school to meet the needs of children and young people, aged 11-16, and who have Education, Health and Care Plans due to a primary need relating to their social, emotional and mental health (SEMH). The	September 2025

**Cambridgeshire 0-19 Place Planning and Organisation Service Update – Spring 2024**

District	Location	Phase	DfE Free School Wave (if applicable)	Nature of Change	Implementation Date
				new school will be on the former Gamlingay first school site. The sponsor selection process is ongoing.
