

Paint a Planet

Inspired by:

This week, the children have been exploring Science, Technology, Engineering and Maths (STEM) through an activity inspired by a local business as part of the Cambridgeshire STEM in the Early Years.

The children were challenged to be creative and design a planet by decorating a paper plate. Why not speak to your child about what their planet is like? What would it be like to visit the planet? This has been inspired by activities planned for students for Cambridge LaunchPad by the University of Cambridge's Institute of Astronomy.
