

MAKING IT REAL

FREE*

TRAINING COURSE

Making it REAL is a two-day programme focusing on working with parents to build their knowledge and confidence, so they can support their children's early literacy development by:

- Creating opportunities for children's literacy development in the home environment;
 - Recognising and encouraging children's milestones;
- Interacting with children positively and supporting them through real-life literacy tasks;
 - Acting as literacy models, so children see parents use literacy in everyday life.

The course includes practical ways to support children aged two to five and their parents through simple but fun, low cost and no cost activities.

*Final opportunity to complete the two-day Making IT REAL course free-of-charge. One-day versions of the course will be provided in 2024. However, these will be chargeable. Learn more at www.bit.ly/MakingITR
