Instructions

You **may not** use a calculator to answer any questions in this test.

Questions and answers

It is expected that the test will take approximately 20 minutes to complete.

(Your teacher will tell you when to start and stop).

Work as quickly and as carefully as you can.

Put your answer in the box for each question.

If you cannot do one of the questions, **go on to the next one**. You can come back to it later if you have time.

If you finish before the end, **go back and check your work**.

Marks

The number under each oval at the side of the page tells you the maximum number of marks for each question.

In this test, all questions are worth **1 mark each**.

If you finish before the end, **go back and check your work**.
