

Home Learning Opportunities

To support schools with directing parents towards resources and activities for home learning, advisers in Cambridgeshire and Peterborough have worked together to create **The Home Learning Hub** www.cambslearntogether.co.uk/home-learning/hub and two home learning guides.

The [Home Learning Parents Guide](#) (for parents and carers of children aged 5-11) and the [EYFS Home Learning Guide](#) (for children aged 5 and under) are designed to support indoor and outdoor home learning, with a selection of games, screen-free activities and online resources.

The **Home Learning Hub** website is free for all users, without sign-in or subscription. On this site we aim to share some of the best free home learning resources that the internet has to offer. You will find pages for different subject areas and resources for children aged 4-11.

As well as links to some of the best external sites, our team of advisers has created a wonderful range of free activities, challenges and projects for children to try at home. We hope you find the resources helpful and we encourage you to share this site with other families who are learning together at home. We aim to keep adding to this website for the duration of the school closures, so please keep checking back to see what's new.

Home Learning Hub Pages

- [Computing and Internet Safety](#) - Information about how to stay safe online with links to computing activities and resources, including free coding and programming sites.
- [Challenges](#) - Here we have compiled a series of challenges, for children and families to try together. There's something for everyone!
- [Competition and Projects](#) - We have created a range of fun and interesting projects - as well as a competition - to inspire children and families to explore ideas and get creative.
- [EYFS](#) - Here you will find a range of activities and ideas to support the learning of children under the age of 5.
- [English](#) - This page has a wealth of amazing resources linked to reading, writing, phonics, spelling and so much more. There's interactive lessons, authors reading their stories and links to interesting and creative ways you can have fun with English.
- [Maths](#) - In addition to links to interactive lessons, puzzles and games; on this page you will find a host of other useful resources for parents and families who would like to support their children's learning at home.
- [Wellbeing and PSHE](#) - A wonderful selection of resources and links to support wellbeing at home, including activities for children and support for parents.
- [Science](#) - This page contains activities from a wonderful range of sources, from the BBC to NASA. Children take part in online lessons or follow their own lines of enquiry, learning about everything from the smallest atom to the largest stars!
- [PE](#) - Here you will find a range of activities and resources to help children, and their families, to stay active at home.
- [Other Subjects](#) - On this page there is an incredible range of activities and resources to support home learning in a variety of subjects including: Art, Music, History, Geography Design, RE, Languages and more. Here you will find links to museums, galleries and landmarks so that you can go on your own 'virtual school trip' from the comfort of your own home. There's so much to see and do!
- [Outdoor Learning](#) – Here you will find a fantastic range of outdoor learning activities and ideas.
