Introduction

I am delighted to send you further details about the courses, briefings, conferences and projects that the Schools Intervention Service will be offering from September 2019 to July 2020. In this booklet you will find details of venues, dates and costs for all courses and conferences.

Schools that have purchased Element Two of the Primary Offer will be able to access all briefings and workshops free of charge. The outline programmes for the briefings are included in this booklet.

You will note this year that there are fewer courses for English and maths, this is so that the advisers can spend more time working with you in schools, clusters or families of schools.

We will be offering curriculum workshops in line with the new Ofsted framework. Details are on page 8. If there are particular topics that are not included in the booklet which you would like for your cluster, please do contact me.

This year we have also included the courses for Physical Education, PSHE and STEPs training as well as RE. We hope this helps you to find the courses that you need in one booklet.

We look forward to working with you again this year in continuing to improve outcomes for Cambridgeshire pupils.

Yours sincerely,

Rosemarie Sadler

Analyse School Performance and FFT Aspire Updates

**Description**
There will be two briefings during the year, one for FFT-Aspire and one for Analyse School Performance (ASP) and each will be offered in three venues in different areas of the county. We will highlight key points emerging from the process in 2018-19 as well as sharing information from national briefings and updates. Guidance on moderation and national test administration will be given.

**Audience**
Headteachers, Deputy Headteachers, Senior Leadership Team and SENCos

**Aims**
- To enable leaders to gain confidence and expertise in using data to set targets for improvement
- To increase leaders knowledge of analysing school and national data including the Analyse School Performance including the Inspection Dashboard and FFT Aspire data
- To support target setting, action planning and prepare leaders for discussions with Ofsted Inspectors, Advisers and Governors.

**Outline**

**Session 1:** Getting the most from FFT Aspire

By best use of FFT Aspire data, delegates will explore target setting, analysis of achievement and using Student Explorer will examine case studies. Delegates are invited to bring their laptops so they can use data from their own schools.

New tools for improving action planning will be used. This session will be led by a trainer from FFT.

**Session 2:** Getting the most from Analyse School Performance data and the Inspection Data Summary Report.

Delegates will be able to summarise and communicate key information including school characteristics, attainment, trends, progress of vulnerable groups and gap analysis.

Delegates are invited to bring their laptops so they can use data from their own schools in order to identify key priorities.

**Venue**
Cambridge Professional Development Centre

Aspiring Headteacher Workshops

**Audience**
Deputy Headteachers, Assistant Headteachers, Senior Teachers and Phase Leaders

**Aims**
- To encourage and support Aspiring Headteachers in achieving their first headship post
- For Aspiring Headteachers to explore the multi-faceted role of headship and become inspired
- Aspiring Headteachers will hear from current headteachers about the joys of headship

**Description**
- Those aspiring to become a Headteacher will be allocated a mentor Headteacher
- Visits to a school in a different context will be arranged
- Support will be given with writing letters of application and delivering presentations
- All aspects of the Headteacher selection process will be experienced

**Outline**

**Session 1:** Finding out more about the role of headship.
- Hear first-hand from a newly appointed Headteacher about the joys and challenges of the role
- Candidates have time to reflect on their experience to date and consider areas where they would value input from visits to schools, discussion with headteachers or other training to expand their personal knowledge
- Leadership style analysis
- Selection exercises

**Session 2:** Building skills and next steps.
- Delegates share experiences and key learning points from their school visits
- Speakers address some of the areas which participants identified in the previous session as being of interest. Speakers could include a focus on finance, safeguarding, health, safety and buildings maintenance.
- Selection exercises

**Session 3:** The Successful Applicant
Delegates have the opportunity to read and critique letters of application for headship. In a supportive forum, there is also the chance to give a short presentation on a topic which may be required at a headship interview and time for delegates to consider their own responses to likely questions.

Cambridgeshire Schools Curriculum Project 2019-20

Audience
The project is suitable for Infant, Junior and Primary schools and for maintained schools and academies.

Description
With the launch of a new inspection framework in September 2019 and the enhanced emphasis on curriculum, we are keen to bring schools together for a collaborative project to support with intent, implementation and impact.

We invite schools to work together and with local authority advisers to review and redesign their curriculum and to hear about the latest thinking to support this work.

We will be meeting termly to consider thinking around:
• Clarity of curriculum aims and intent
• Cohesion and progression
• Ensuring breadth and balance
• How to secure long-term remembering of the fundamental knowledge and concepts in each subject
• How the findings of cognitive science can help with curriculum thinking
• Ways of evaluating the effectiveness of the school’s curriculum

Assessing Writing in Year 6

**Audience**
Teachers working with Year 6 pupils, English Subject Leaders and/or Senior Leaders

**Aims**
- To ensure that teachers of Year 6 pupils are aware of key issues and developments linked to the statutory assessment of writing at the end of Key Stage 2
- To support the accurate assessment of writing
- To recognise strengths and gaps in writing, identifying ways to secure pupil outcomes
- To facilitate opportunities for school-to-school discussions around writing

**Description**
These half day sessions are aimed at teachers working with Year 6 pupils. The main focus for each session will be to provide a forum to clarify and discuss the teacher assessment of writing, linked to expectations in the national curriculum, as well as considering end of year expectations. The sessions may also include opportunities to consider elements of provision, such as: facilitating purposeful writing opportunities in English, utilising cross curricular writing, securing writing assessments across the year, securing the consistent application of skills across writing, improving written outcomes through feedback and editing.

**Outline**
**Session 1** for those new to Year 6:
- Overview of Statutory Assessment in Year 6
- Reviewing framework for assessment and published materials
- Professional discussions to support ongoing teacher assessment of writing

**Session 2**:
- Assessment updates
- Building an evidence base and securing consistency in writing
- Informal professional discussions to support writing moderation

**For both Session 1 and Session 2:**
To facilitate professional discussions around writing, it would be most helpful for each attendee to bring books/work – for at least one pupil – which demonstrate a range of writing completed in English and across the curriculum.

**NB:** The outline of the two sessions may be subject to change to respond to any updates, identified priorities or STA materials released in 2019/2020.

Supporting Teacher Assessment in Year 2

**Audience**
Teachers working with Year 2 pupils, English and maths subject leaders

**Aims**
- To ensure that Year 2 teachers are aware of key issues and developments linked to assessments at the end of Key Stage 1
- To become familiar with the suite of statutory materials which will help to secure teacher assessments in reading, writing and maths
- To recognise strengths and gaps in learning, identifying possible trajectories to support pupil progress
- To consider provision, pupil success and end of KS1 outcomes
- To facilitate opportunities for school-to-school discussions around assessment

**Description**
This full day session is aimed at teachers working with Year 2 pupils. The main focus will be to provide a forum to clarify and discuss teacher assessment, whilst also focusing on implications for teaching and learning. The session may also cover other relevant points including: suitable evidence, levels of independence, demonstration of skills and application of English and maths across the curriculum

**Outline**
**Session 1:**
- Clarify expectations of the National Curriculum and review the framework for assessment and nationally published materials
- Become familiar with the demands of the KS1 tests
- Identify what could constitute a secure evidence base for teacher assessment in reading, writing and maths
- Discuss implications from pupil evidence base, to facilitate planning for progress
- Professional discussions to support informal moderation of reading, writing and maths

To facilitate professional discussions around teacher assessment, it would be most helpful for each attendee to bring books/evidence, for at least one pupil, to support discussions focused on reading, writing and maths.

**NB:** Outline programme may be subject to change, responding to national and local priorities, as well as being dependent on the publication of national assessment materials in 2019/2020.

Courses for Individual Schools, Clusters of Schools and Multi Academy Trusts

The following bespoke training can be booked by individual schools/academies, clusters of schools and/or multi academy trusts and tailored to meet the needs of your school/group. The Analyse School Performance and Data at your Fingertips courses can also be tailored to meet the needs of school governors.

Courses are typically for two hours but a briefer one hour session can be arranged.

School Data Courses

Autumn Term

Getting ahead by using Perspective-Lite’s reports

The workshop will look at a school’s own data to identify strengths and weaknesses in 2019 pupil outcomes; look at how to use trend reports and show attendees how to drill down into the reports to look at the performance of groups of pupils relevant to the school and compare them against early indications of the national outcomes.

Participants with a laptop and a Perspective-Lite login can explore the data as the session progresses.

This course is best booked in the first half of the Autumn Term.

Getting the Most out of FFT Aspire

This workshop will use a school’s own data to guide attendees through the different elements of FFT Aspire: Self Evaluation; Target Setting; Student Explorer and the Collaborate Function. In the process we will identify strengths and weaknesses in 2019 pupil outcomes, including those of pupils from ‘vulnerable groups’ and explore different ways to use the target setting tools in FFT Aspire.

Participants with a laptop and an FFT Aspire login can explore the data as the session progresses.

This course is best booked in the second half of the Autumn Term or later.

What does ASP say about your school?

The aim of this workshop is to increase your knowledge and understanding of the Analyse School Performance (ASP) Inspection Data Summary Report (IDSR) and ASP more generally. Attendees will be taken through their school’s data and the information in the ASP IDSR – picking out what it highlights about their school and considering what conversations it might lead too. The workshop will equip attendees with the knowledge and skills to confidently navigate ASP and understand/discuss the key information it contains.

Participants with a laptop and ASP login can explore the data as the session progresses.

This course is best booked late in the autumn term (provisional data) or in the spring term or later when revised data is published.

Contextual Data: Data at your Fingertips

These workshops use freely/publicly available data to explore the area around a school — the information includes additional education and other data published by the Department for Education; health data; information from the Cambridgeshire police and deprivation mapping tools. Participants will discuss and analyse their own data and to compare it with the picture nationally and across the Local Authority.

Participants should have a laptop with them so they can explore the data.

This course is best booked at any time of year.

DEVELOPING LEADERSHIP

Building Leadership Capacity

**Audience**
Deputy Headteachers, Assistant Headteachers and Senior Teachers (in smaller schools) who have been in post for one year+

**Aims**
- To develop and enhance the leadership role in schools
- To enable Deputy, Assistant Headteachers and Senior Teachers to network with colleagues and share good practice
- To offer bespoke 1:1 coaching and mentoring in order to aid professional development
- To provide a link with and arrange a visit to another school, Headteacher or colleague in response to a needs analysis (This visit will take place as session 3)

**Description**
This project, which has been running successfully for four years in Cambridgeshire, is led by Juliet Adloune (Improvement Adviser). Building and strengthening leadership within schools is facilitated through coaching/mentoring, shared discussion and carefully matched visits to other settings and colleagues. A commitment to attending all sessions is required.

Senior leaders in 2018/19 have evaluated:

‘Coaching was fantastic…I was receiving bespoke training that meant I was focussing on what I need. I think this is invaluable.’

‘Not only has the discussion with other leaders supported my understanding of different aspects of leadership, I have learnt how other schools approach situations.’

**Outline**

**Session 1:** Leadership skills for Senior Leaders including:
- Managing dual teaching and leadership roles vs non-teaching senior leader roles
- Analysis of styles of leadership
- 360 task

**Session 2:** 1:1 coaching and mentoring session with Improvement Adviser, Juliet Adloune:
- Identification of colleague leader/school to visit in order to address personal development needs
- Discussion relating to current challenges in role as Senior Leader

**Session 3:** Visit to another school/leader as identified during coaching in session 2

**Session 4:** 1:1 coaching and mentoring session with Improvement Adviser, Juliet Adloune:
- Evaluation of visit to colleague leader/school
- Building of agenda for session 4

**Session 5:** Leadership skills for Senior Leaders:
- Shared learning from visits to colleague leaders/schools
- Learning from 360 task
- Participant led agenda items

Developing Middle Leadership

**Audience**
Team leaders; phase leaders; subject leaders

**Aims**
- To explore styles of leadership and the impact of them
- To develop time management tools, team work skills and how to manage difficult conversations
- To learn and practise skills to monitor learning
- To learn about a ‘developmental approach’ to improving teaching and learning
- To address personal leadership needs
- To share good practice within a group of middle leader colleagues and build networks for sustainable leadership

**Description**
This course has been running successfully within a cluster for three years and is now open to all schools. It is appropriate for any teacher in a middle leadership role. After exploring leadership styles and high profile issues such as time management, team work and difficult conversations, the course leader models approaches to monitoring and developmental work in an actual school context. *

Evaluations include:
- I now have a bank of techniques to use in a variety of situations.
- The involvement in observations and developmental work has given a valuable insight into the work of a leader.

*Due to the work in classrooms, a maximum of 8 participants can be accepted so early booking is recommended.

**Outline**

**Session 1: What is Leadership?**
- Difference between leadership and management
- Prioritising and time management
- Worklife balance

**Session 2: What is Leadership?**
- Motivational skills
- Working as a team
- Professional conversations

**Session 3: Monitoring Learning**
- The Improvement Adviser will model how to undertake a drop-in and provide verbal and written feedback

**Session 4: Developing Learning**
- The Improvement Adviser will model how to undertake in-class developmental work and provide written notes.

**Session 5: Monitoring Learning**
- Delegates will work in small groups to undertake a short drop-in and provide written and verbal feedback

**Session 6: Bespoke 1:1 coaching/mentoring**
- Improvement Adviser visit to the school of each delegate to attend to self-identified development needs in relation to leadership

**Session 7: Evaluation and Celebration**
- Headteachers and participants are invited to evaluate the impact of the programme
- Progress and impact thus far is celebrated

**Venue**
Once bookings have been taken, delegates’ schools will be invited to host each of the sessions.

Leadership Coaching and Mentoring

Audience
Headteachers, Deputy Headteachers and Assistant Headteachers

Aims
- To offer bespoke 1:1 coaching and mentoring in order to aid professional development
- To actively support Headteacher and Senior Leader well-being

Description
This offer for coaching/mentoring continues to be offered as a direct result of requests to the Director of Learning at Headteacher meetings for bespoke support for well-being. The commitment to this sort of support for Headteachers could be woven into Appraisal discussions with Governors.

Juliet Adloune (Improvement Adviser) has been coaching and mentoring for over 14 years, working with leaders to provide both support and challenge; she has experience at all levels of school leadership as well as extensive experience supporting schools as an adviser in Cambridgeshire. Juliet is now also an Adult Mental Health First Aider and is qualified as an Instructor for Adult Mental Health First Aid. Headteachers and Senior Leaders can take time from their busy lives to reflect on their personal professional needs in a safe environment.

Headteacher and Senior Leader Evaluations of coaching/mentoring with Juliet Adloune:

'It is my belief that the pressure on school leaders is huge and giving quality time to discuss issues, but also to vent frustrations, could be an essential part of ensuring that the heads (and aspiring heads) in Cambridgeshire are supported and effective in their roles.'

'It has allowed me to talk about the things in school that are challenging for me, in a confidential environment. It has been very valuable to be able to talk things through, and find new ways to approach things in school. It has given me the time and space to reflect on my own practice, my strengths and weaknesses, and to consider how I can develop professionally, and/or deal with things in a different way. I think that all senior leaders would benefit from this.'

'The coaching sessions have helped me identify my core, 'stick of rock' values and helped me regain the confidence to live these values in a challenging work setting. I have further developed my resilience and understood how to ensure that healthy and effective leaders need to look after themselves, physically, mentally and emotionally.'

'The coaching and mentoring was excellent. I was challenged in a constructive way and as a result was able to identify the changes I could make and the factors that were outside my influence.'

Leadership and Management of Safeguarding 2019/2020

Audience
Headteachers, Senior Leaders, Safeguarding Governors, School Business/Finance Officers

Aims
• To support school leaders to deliver statutory duties.
• To share good practice.
• To help leaders and key personnel monitor and evaluate the effectiveness of safeguarding policies and practice.

Description
One half day conference, delivered by Leadership Advisers at three different venues, providing school leaders with key information, skills and knowledge to deliver their statutory and other duties in respect of key areas within the Leadership of Safeguarding.

Outline
Each morning will comprise of sessions relating to:

The Leadership and Management of Safeguarding – The Annual Overview and Safeguarding Cycle. An overview of all safeguarding requirements across the academic year, essential actions on a daily, weekly, monthly, termly and annual basis, along with a suite of resources enabling practitioners to implement their duties to good effect.

Safer Recruitment – Single Central Record health check, Recruitment Checklist, Employment Files and Training. It is vital that schools and colleges create a culture of safer recruitment and, as part of that, adopt recruitment procedures that help deter, reject or identify people who might abuse children. This session will dispel any myths and ensure leaders are up to date with both statutory and Ofsted requirements.

Complaints and Allegations including – Effective Communication, Policy and Procedure and Training. ‘An ounce of prevention is better than a pound of cure.’ This session will give hints and tips around Mediation, Negotiation, Conflict Resolution and Restorative Justice, as well as giving an insight into formalised procedures and how and when these are appropriate.

New to English and Maths Subject Leadership

**Audience**
Subject Leaders of English and maths

**Aims**
- To develop or refresh skills in subject leadership
- To enable subject leaders to evaluate their schools provision and plan action to improve learning
- To support leaders developing the capacity of other teachers in their school

**Description**
This four-part course offers an opportunity for new English and maths subject leaders to develop the skills needed for monitoring and action planning for improvement.

Resources to support being an effective leader will be an integral component of each session.

Each half day session may be booked separately so that subject leaders can select the sessions most relevant to their current needs.

**Outline**
1. **Leadership Essentials and making a difference in subject knowledge.** Practical ideas will be offered to support subject leaders to model best practice, lead training and development on key aspects of pedagogy and practice.
2. **Evaluating data.** Delegates are invited to bring evidence from their own schools so that they can work with trainers on evaluation of strengths and areas for improvement as part of their action planning (to include Inspection Dashboard, FFT and test script analysis). Delegates will develop communication skills to prepare them for conversations with Ofsted, HMI and governors.
3. **Improving the quality of teaching – this is a school based session.** We will consider the principles of lesson observation and developmental feedback in maths and English. This half day session will include an opportunity to carry out a lesson observation in a host school in small groups.
4. **Gaps and misconceptions, identification and solutions.** Guidance will be given on developing marking, selecting and using diagnostic pupil interviews and identifying misconceptions and gaps in understanding. Strategies for addressing identified needs will be discussed.

Sustaining Healthy and Effective Leadership for Headteachers

**Audience**
Headteachers including Acting Heads; Executive Heads; Principals; Heads of Multi-Academy Trusts; Heads of Children’s Centres, Pre-schools and Nurseries

**Aims**
- To enable school leaders to reflect upon the factors which can secure effective leadership that is sustainable over time
- To enable leaders to reflect upon key social and relational aspects of leadership with their peers in a supportive and structured coaching environment
- To develop the skills, knowledge and understanding needed to create and maintain a healthy organisation and a culture of well-being, and to manage difficult situations and conflict, and lead change
- To offer leaders feedback on their styles using the well-known Myers-Brigg Type Indicator which has many educational applications

**Description**
The programme will enable Headteachers to sustain and develop their leadership skills, whilst maintaining personal health and wellbeing, and a reasonable worklife balance. Always key, these considerations will be even more important to equip leadership teams with skills and qualities needed to navigate through the dynamic and turbulent times we are living in.

It is designed to support the development of advanced communication and coaching skills, whilst enabling Headteachers to get to the bottom of real issues – not just deal with theory and the abstract.

In addition, Headteachers will have the opportunity to meet regularly over the course of the year with a supportive group of ‘like-minded travellers’ who are able to provide a mutual resource and support to each other through peer coaching.

**Outline**
Possible sessions (to be finalised by group):
- Gaining insights into ourselves, leadership and well-being through the Myers-Brigg Type Indicator
- The power of coaching as a leadership style to engage commitment
- Listening to the voices within – understanding our drivers and hidden beliefs
- Resilience in turbulent times
- Transactional analysis and having adult conversations
- Managing difficult conversations

Including a one-to-one coaching session for forward planning.

Key comments from those who have attended the programme include:

"It helped me recognise my strengths and learn how to use them most effectively."

"We have learned how to tackle challenges inside and outside the school, and are now a mature and effective leadership team."

Building Confidence in English for NQTs

**Audience**
Newly Qualified Teachers in Key Stages 1 and 2

**Aims**
- To support teachers in understanding the interdependent elements of English, and how to teach them effectively
- To explore pitch and expectations across the elements of English
- To investigate how to plan engaging and effective units of work
- To develop strategies which support pupil progress

**Description**
These sessions will be based in schools, providing attendees with the opportunity to observe teaching and learning in action, to look at a range of learning environments, and to develop subject specific knowledge. Time will be given to considering a range of pedagogical approaches for teaching and learning.

**Outline**

**Session 1: Engaging all pupils, effective planning and resources**
- Components of effective planning and teaching in English
- Strategies to engage all children
- Gap task

**Session 2: Exploring expectations and identifying progress**
- Understanding progression in the English curriculum
- Identifying appropriate pitch and expectations to support and challenge
- Assessing the progress of pupils and gathering evidence to support assessment

Each session will start with a shared professional development input, followed by opportunities to drop-in and observe teaching and learning taking place in the host schools.

Developing Early Readers and Writers in Reception and KS1

**Audience**
Reception, Year 1 and Year 2 Teachers, Early Years and KS1 Leaders, and/or English Subject Leaders

**Aims**
- To consider how to create an engaging environment that promotes learning and supports the development of independent readers and writers
- To reflect on the use of quality texts to create a love of language, extending children’s knowledge and use of vocabulary
- To consider real purposes for developing spoken language, reading and writing skills based on first-hand experiences and shared texts
- To identify cross-curricular opportunities where learning can be embedded and extended

**Description**
This half day course will provide an opportunity to reflect on practice, and consider how children can be given greater opportunities to develop the range of skills required to enable them to become readers and writers. Pedagogical approaches to teaching and learning will be considered. These discussions will link to principles around learning which identify that children’s early exposure to language and literacy skills should be provided within meaningful and engaging opportunities, through which print concepts can be developed. The reciprocity of skill development will be a central theme, in conjunction with requirements from both the early years curriculum and national curriculum.

**Outline**
- Developing an effective environment that inspires communication through spoken and written English
- Utilising quality texts to support learning, making meaningful links to engaging tasks
- Identifying teaching opportunities that promote the need to communicate through spoken language and writing
- Looking at progression across Reception and KS1, and considering how to set a secure trajectory to reach age related expectations by the end of the year

Audience
Senior leaders, English Subject Leaders, Teachers, Teaching Assistants, Trainee Teachers, School Library Staff, Parent Helpers – anyone interested in developing Reading for Pleasure!

Aims
• To assist staff in their understanding and ability to lead school reading culture improvement.
• To ensure that staff are aware of key research and good practice in developing Reading for Pleasure
• To develop staff’s knowledge of children’s literature

Description
We know that reading is an essential life skill but how do we develop and encourage Reading for Pleasure? What if we want to widen our own knowledge of children’s literature? To keep up with research and good practice? Just to support that one child who is in and out of the book corner and ‘can’t find anything to read?’

The English Team in conjunction with the Books for Topics website will be running a Reading Group to help. The group is resourced by and based upon research undertaken by the Open University and the United Kingdom Literacy Association.

The group will meet twice a term over the course of the academic year. These sessions will be ‘twilights’ – held between 4.14-5.30pm and will be held in an East Cambs school (venue TBC). Sessions will always start by members looking at and recommending texts. Group leaders will share research and ‘real-life’ examples of what has worked well in schools. It will be quite informal and biscuits will always be at hand!

For further information, please contact Group Leader Kathryn Brereton: kathryn.brereton@cambridgeshire.gov.uk.

Having Fun with Great-Grammar in Key Stage 2

Audience
KS2 Teachers and English Subject Leaders, also useful for TAs with some basic knowledge but needing or wanting to develop further.

Aims
• To develop confidence in using the correct terminology when talking with pupils about their work;
• To further develop teacher subject knowledge of grammar and punctuation at KS2;
• To understand how grammar can be integrated into engaging class and group teaching sessions.
• To familiarise Y5 and Y6 teachers with higher level grammar subject knowledge.

Description
Peterborough LA are hosting this course designed to enable practitioners to consolidate their own subject knowledge of grammar and punctuation at KS2 and for teachers who are teaching at the higher level. Practical activities will be explored that can be integrated within whole class and group teaching that will enable students to grow in confidence when independently using grammar strategies in their writing.

Teachers will explore a range of interactive and engaging teaching activities and consider how to integrate them within the teaching of reading and writing.

Improving Progression in English for Reception and Year 1

**Audience**
Reception Teachers and Year 1 Teachers, Early Years Leaders and/or English Subject Leaders

**Aims**
- To develop a clearer understanding of age-related expectations and progression across Reception and Year 1
- To identify real purposes for developing spoken language, reading and writing skills based on first-hand experiences and shared texts
- To recognise opportunities, including cross-curricular learning, where skills can be embedded, enhanced and extended

**Description**
This half day course aims to provide an opportunity for discussions which will focus on the need to secure high expectations, linking to outcomes for children during their time in Reception and Year 1. Delegates will be asked to reflect on the interwoven nature of skill development in language and literacy, in conjunction with the statutory requirements from both the early years curriculum and national curriculum.

**Outline**
- Clarifying the development and progression of skills between the statutory requirements at the end of EYFS and Year 1
- Understanding the expectations for learning outcomes and how children can demonstrate success in everyday provision
- Considering how pedagogical strategies to support differentiation can be appropriately utilised across provision

Improving Progress in English in Year 1 and Year 2

Audience
Class teachers, subject leaders.

Aims
• To provide practical guidance, ideas and resources for a unit of work using a text.
• Consider teaching approaches to ensure progression for all learners.
• Examine the wider curriculum, exploring opportunities to develop skills for mastery and greater depth.

Description
These sessions will investigate ways for children to develop their English skills through the use of a quality text. Throughout each session, consideration will be given to appropriate teaching strategies. Teachers will initially be guided through a planning sequence to highlight the importance of developing a progressive unit of work. We will consider expectations for mastery whilst developing opportunities for greater depth. This will encompass all elements of the English curriculum before exploring how to develop key skills across the broader curriculum to fulfil a mastery approach.

Outline

Session 1 (half day):
• Utilise a core text to support teaching and learning
• Considering progression linked to age-related expectations.
• Incorporating all elements of the Programme of Study.
• Developing strategies to engage and inspire, including practical opportunities for text exploration.

Session 2 (half day):
• Making links between English and other curriculum areas to develop mastery and greater depth.
• Strategies to engage and inspire, including practical opportunities to reinforce key skills required in the National Curriculum.
• Opportunities to develop planning linked to school based ‘themes/topics’.

Writing Moderation in Non-statutory Year Groups

**Audience**
Year 1, Year 3/4 and Year 5 Class teachers, subject leaders, assessment leaders

**Aims**
- To develop a clearer understanding of age-related expectations and progression within non-statutory Year groups
- To facilitate moderation between colleagues

**Description**
These twilight sessions aim to provide colleagues in Year 1, 3, 4 and 5, from around the county, with the opportunity to come together, meet and moderate their children’s writing. An English Adviser will facilitate the moderation process between colleagues and be on hand to answer any questions or queries that may arise during the session. We request that teachers bring a range of books to share with colleagues.

**Outline**
- Developing a clearer understanding of age-related expectations in Years 1, 3, 4 and 5.
- Building an evidence base and securing consistency in writing
- Informal professional discussions to support writing moderation

Year 6 Cambridgeshire English Challenge

**Audience**
Year 6 teachers and pupils

**Aims**
- To promote an enjoyment of English
- To promote the application of skills in to a variety of situations
- To engage parents and carers with the expectations of the English curriculum

**Description**
Now in its fourth year, the Year 6 English Challenge is an established highlight of the autumn term. It has supported schools to generate a buzz of excitement around English for Year 6 pupils, as well as helping to inspire them, enthuse teachers and engage parents.

Schools are invited to enter a team of four Year 6 children who are able to work collaboratively during a heat that will comprise of four rounds – three team rounds and a memory round. Teams will need to work together to find answers to a range of questions, utilising their knowledge and skills from across the English curriculum. The heats, which may have up to ten teams competing against each other, are held after school, in venues all around the county.

**NB:** Teachers, parents and carers are invited and encouraged to attend the heats with their children so that they can be engaged in discussions around English.

The winners from each heat are automatically invited to the final, which is being held in Ely Cathedral on **Wednesday 4th December 2019**. Other high scoring teams will also be invited to take part in the final and one team will ultimately become the English Challenge Champions in 2019.

**Audience**

Teachers and Teaching Assistants in Years 4

**Aims**

To support children who are not able to access Year 4 national curriculum expectations

**Description**

1stClass@Writing comes ‘ready-made’ with detailed lesson plans and resources. A specially trained teaching assistant delivers up to 60 stimulating and motivating 40 minute lessons to a group of up to 4 children, 4 times a week, in addition to their daily class lessons. The children develop key skills of spelling, handwriting, grammar, and punctuation in order to complete daily writing tasks relating to the adventure stories. They develop their composition and editing skills through a balance of supported ‘one-liners’ as well as sustained, independent writing. The teaching assistant is supported by a Link Teacher.

**Outline**

The three day training covers:
- The delivery of the materials
- Talk for learning
- Grammar for writing
- Feedback and developing independence
- Understanding common challenges experienced by developing writers

**Day 1:** Teachers (morning only) and TAs

**Day 2:** TAs only

Inference Training

**Audience**
A KS2 Class Teacher and an experienced TA

**Aims**
- to develop comprehension skills for KS2 pupils who have age appropriate decoding skills but fail to gain meaning and enjoyment from reading.
- to help adults to understand the main barriers to comprehension
- to develop pupils vocabulary and enable them to activate prior knowledge, make inferences and integrate meaning.

**Description**
Inference training is a small group intervention delivered by a TA twice a week for 8-10 weeks. It targets pupils who decode satisfactorily, but fail to gain the gist of their reading. The techniques derived from the training can be used to support guided groups within school.

A gap task will be set in preparation for the second session.

**Outline**

**Session 1:**
- Identifying barriers to comprehension
- Identifying inference difficulties in pupils

**Session 2:**
- How to deliver the intervention
- An introduction to whole class support for inference

**Audience**
A FS or Y1 Teacher and an experienced TA per school

**Aims**
- to support the acquisition of early literacy skills
- to enable children to acquire a reading and writing repertoire of high frequency words
- to ensure that early print concepts become well established and that children apply phonic skills effectively to the process of reading and writing

**Description**
This one day course provides training for a TA to deliver a six week programme to a group of four to six Reception/struggling Year 1 pupils. Children will read 24 previously unseen texts, and learn to read and write up to 30 high frequency words. TAs will gain a better understanding of the reading and writing process, empowering them to accelerate children's progress.

Nurturingtalk@primary

**Audience**
Teachers and Teaching Assistants KS1, KS2, KS3

**Aims**
- To support children with specific social, emotional, behavioural and mental health difficulties from KS1 to KS3.
- To ensure the development of a communicative child who is confident and who enjoys actively learning in the classroom environment.

**Description**
- Delivered by experienced practitioner, e.g. Nurture Group Practitioner, Teacher, Learning/Behaviour Mentor, Teaching Assistant/HLTA or Support Assistant who understands the complex needs of these particular vulnerable children. This adult liaises closely with each child’s class teacher and parents or carers.
- Each child will have a different time scale working with the programme depending on their personal needs and developmental stage.

**Sessions**
- Take place in a dedicated teaching area and lasts for approximately 30 minutes.
- Structured in a similar way to the SEAL approach for small group work and uses a wide variety of resources.
- Focus on developing the child’s speaking and listening skills in both a social and academic context academically.
- Groupings for the programme are flexible, depending on needs of the child each day; they could be 1-1, partner work or small group.

**Outline**
The course includes:
- The link between behaviour and communication
- Developing questioning skills
- Practical activities
- Assessment tools
- Panning and recording

A follow up 0.5 day visit within two terms is highly recommended to ensure quality in delivery, planning and recording of the programme at an additional cost of £200

Talk Volunteers

Audience
Teachers, Teaching Assistants and Volunteers

Aims
• Provides an opportunity to further develop and practice the speaking and listening skills of an identified child
• Helps the child develop skills in being able to listen attentively and structure their talk
• Develops the child’s confidence in communicating
• Provides the trained adult with skills and strategies to support children’s effective use of speech, language and communication (SLC) and how to work bi-lingually

Description
• Each adult works with a pupil individually once or twice a week for 20 to 30 minutes, according to the needs of the child, i.e. age, concentration span, attention.
• Each session has 2 planned activities which are structured and have a specific focus. Instructions and resources are provided. Each activity should last between 10 to 15 minutes. With younger children, the volunteer could deliver just one activity each session, but have more sessions in the week, i.e. 3 or 4 sessions if possible
• The work with each pupil continues for a period of around 12 weeks (one session per week with 2 activities) or 6 weeks (two sessions per week with 2 activities)

Outline
The course will:
• Support participants in understanding their role as a Talk Volunteer
• Explain how to best support children in Speech, Language and Communication, and monitor their progress
• Provide an opportunity to experience the range of activities
• It also provides practitioners with skills and strategies to deliver day to day quality first teaching in speaking and listening.

Some pupils may benefit from the more intensive intervention ‘Talking Partners’.

Venue                                                                 Session | Date       | Time

Talking Partners

**Audience**
A KS1 or KS2 Teacher and an experienced TA per school

**Aims**
- to narrow the attainment gap for vulnerable pupils
- to make effective use of the pupil premium
- to improve oracy to support progress in reading and writing across the curriculum

**Description**
Talking Partners (TP) is a high quality, high impact, ten week intervention aimed at pupils in Key Stages 1 and 2. The TA works with a group of three children three times a week, for a period of 20 minutes. Children participate in a range of activities including news telling, constructing meaning from text, describing, comparing, analysing, generating stories and reporting.

**Outline**
The two day training course covers the following:
- Observation of two lessons
- The importance of talk
- Developing questioning skills
- Practical activities
- Assessment tools
- Planning and record keeping

Write Away Together

**Audience**
A KS1 or KS2 Class Teacher and an experienced TA

**Aims**
- to provide the adult with a clear guide to support the improvement of writing;
- to use Assessment for Learning (AfL) to improve writing;
- to lead adults to an understanding of which text, sentence and word choices will be appropriate for a particular writing task and for audience.
- to provide ways of improving writing within individual, guided and shared writing.

**Description**
Write Away Together training focuses on how to use feedback to improve writing. Sessions involve a dialogue between a child and a trained partner about a piece of independent writing, supporting the child to understand how to improve work at text, sentence and word level and to embed strategies that will improve independent writing. Write Away Together can also be used with groups as a form of guided writing focused on feedback and improvement led by a teacher or TA.

**Cost Details**
£180 per school (1 teacher and 1 teaching assistant), including resources and support throughout the year for Cambridgeshire LA maintained schools
£240 per school (1 teacher and 1 teaching assistant), including resources and support throughout the year for out of county, academy and independent schools

Building Confidence in Maths for NQTs

**Audience**
Newly Qualified Teachers in Key Stages 1 and 2

**Aims**
- To support NQTs in developing practical classroom skills for teaching mathematics
- To develop strategies which engage all pupils and support pupil progress
- To explore pitch and expectations in mathematics and support NQTs in identifying gaps and misconceptions

**Description**
The two sessions will be based in different schools so that attendees will have the opportunity to see and hear experienced teachers in action and to observe learning environments, as well as receiving training on key resources that will be useful in day to day practice.

Time will be taken to consider a range of pedagogical approaches for teaching and learning and for attendees to share their experiences with NQTs from other schools.

**Outline**

**Session 1: Engaging all children, planning and resources**
- Developing conceptual understanding alongside procedural fluency
- Strategies to engage all children
- Components of effective planning and teaching
- Gap task

**Session 2: Exploring expectations and identifying progress**
- Understanding progression in skills and knowledge and identifying appropriate pitch and expectations for different year groups
- Assessing pupil progress
- Identifying gaps and misconceptions

Developing Good Mathematical Foundations in Early Years and Year 1

Audience
Class teachers and Mathematics Subject Leaders

Aims
• To examine effective strategies for engaging children with all levels of attainment in maths
• To consider principles of outstanding teaching and share best practice
• To identify and assess the role of concrete resources and pictorial representations in developing conceptual understanding

Description
This training is based on last year’s successful course, which has been expanded to two sessions this year. Participants will have an opportunity to identify and reflect on how we can support children’s development of mathematical foundations and encourage positive attitudes towards maths. Teachers are encouraged to bring along evidence of children’s understanding to discuss with colleagues during the session.

Outline:
Session 1:
• Engaging children with mathematics in the world around them
• Developing a supportive and engaging environment that promotes a range of learning opportunities
• Working with parents to support early mathematical development
• Identifying and addressing barriers to learning

Session 2:
• Developing number sense and fluency in mathematics
• Providing opportunities for reasoning through role play and problem solving activities
• Using picture books and other visual resources to stimulate mathematical talk and interest
• Examining the characteristics of outstanding teaching and sharing best practice

Venue                                                                 Session      Date            Time

Improving Mathematical Progress in Years 1 & 2

**Audience**
Year 1 and 2 class teachers

**Aims**
- To examine relevant educational research and consider its implications for classroom practice
- To provide practical teaching guidance, ideas and relevant resources
- To look at age related, working towards and greater depth expectations
- To provide an opportunity for teachers to discuss their practice with colleagues from other schools

**Description**
We are running this course for a third year following very positive feedback from participants:

- ‘A really useful course! I attended all three sessions and they have all impacted on my teaching.’
- ‘Some very useful information which I will share with relevant colleagues and my TA. Thank you!’
- ‘Really good to have specific examples of how to differentiate/extend questioning for greater depth; with approaches and how to model it.’
- ‘Really inspiring and helpful!’
- ‘Thank you for the useful, practical ideas!’

All aspects of this course will focus on the progress and attainment of children in Years 3 and 4 and will include teaching materials and practical ideas to use in the classroom.

Each half day session may be booked separately so that teachers can select the sessions most relevant to their current needs.

**Outline**

**Session 1 (half day):**
- Promoting and assessing the progress of all pupils
  - Identifying accurate starting points for all pupils
  - Using assessment for learning strategies effectively
  - Collecting evidence of progress and attainment
  - Providing pupils with opportunities to reflect on their own learning

**Session 2 (half day):**
- Supporting lower attaining and disadvantaged pupils
  - Identifying and addressing possible barriers to learning
  - Developing support strategies and differentiation to encourage accelerated progress
  - Developing number sense and a growth mindset

**Session 3 (half day):**
- Challenging higher attaining pupils
  - Providing pupils with ‘low threshold/high ceiling’ activities
  - Creating opportunities for developing deeper understanding
  - Collecting evidence of understanding with greater depth

**Aims**
- To examine relevant educational research and consider its implications for classroom practice
- To provide practical teaching guidance, ideas and relevant resources
- To look at age related, working towards and greater depth expectations
- To provide an opportunity for teachers to discuss their practice with colleagues from other schools

**Description**
We are running this course for a third year following very positive feedback from participants:

‘The most useful training I’ve had yet!’

‘Great ideas that can be used in lessons and will motivate and interest learners.’

‘What I particularly like about the training is that I go back to school with things that I can implement straight away.’

‘The information on working walls was excellent – so helpful and was noticed at our recent peer to peer review. Thank you!’

‘Practical classroom examples have been the most useful element of this course and have helped me to modify my practice.’

All aspects of this course will focus on the progress and attainment of children in Years 3, 4 and 5 and will include teaching materials and practical ideas to use in the classroom.

Year 5 Maths Challenge

**Audience**
Year 5 teachers and pupils

**Aims**
- To promote an enjoyment of mathematics
- To promote a range of mathematics skills in a variety of situations
- To promote parental engagement with the mathematics going on in schools

**Description**
The well-established Year 5 Maths Challenge celebrates its 18th birthday in 2020 and continues to be a popular feature of the summer term.

Schools enter a team of four Year 5 children who can work well together into a local heat. Heats, with an average of ten teams competing, are held after school in schools all around the county. The winners are automatically invited to the final which is held amongst the planes in the Airspace Hanger at Duxford Imperial War Museum. Other teams may be invited if they have scored highly.

The heats comprise of four rounds; two team rounds, an estimation round and a memory round.

Details of the heats will be sent to all schools in the spring term with instructions on how to enter.

Becoming First Class @ Number

**Audience**
Teaching Assistants and Class Teachers

**Aims**
- To narrow the attainment gap for vulnerable groups
- To make effective use of Pupil Premium funding
- To promote a solid basis and effective learning opportunity for all children to succeed in mathematics
- To increase enjoyment and engagement in mathematics
- To develop Teaching Assistants’ subject knowledge and wider effectiveness

**Description**
Becoming IstClass@Number is a small group intervention developed by Every Child Counts through Edge Hill University. It is for children, usually in Year 1, who need further support to secure the Early Learning Goal for Number. The mathematics teaching and learning in Becoming IstClass@Number has been carefully structured to develop and deepen children’s number sense in relation to numbers up to 20. The programme provides a rich and varied learning experience through a wide range of games and practical activities alongside engaging, active and fun lessons.

**Outline**
The course includes interactive and easily adaptable session plans, extensive ready-made resources that are organised topic by topic, online guidance and downloadable resources. 6 half days for teaching assistants: mathematical subject knowledge and pedagogy, adapting session plans to meet children’s needs. 2 half days for a school Link Teacher, with the TA: supporting, managing & evaluating Becoming IstClass@Number.

**Course Content**
- **Session 1:** Morning: Introducing Becoming Ist Class @ Number; structure, aims and ideas. Afternoon: Numbers 1 – 6
- **Session 2:** Numbers 5 – 10
- **Session 3:** Exploring 10
- **Session 4:** Numbers 10 – 20
- **Session 5:** Review of intervention and planning next steps

Teaching Assistants attend all sessions, Link Teachers attend the morning of Session 1 and Session 5.

**Audience**
Teaching Assistants and Class Teachers

**Aims**
- To narrow the attainment gap for vulnerable groups
- To make effective use of Pupil Premium funding
- To promote a solid basis and effective learning opportunity for all children to succeed in mathematics
- To increase enjoyment and engagement in mathematics
- To develop Teaching Assistants’ subject knowledge and wider effectiveness

**Description**
1stClass@Number1 is a small group intervention developed by Every Child Counts through Edge Hill University. It is for children, usually in Year 2, who need further support at the level of the Year 1 curriculum. 1stClass@Number1 comes ready-made with detailed session guidance and extensive resources. The specially trained teaching assistant will deliver up to 30 half-hour sessions to a group of up to four children, for 10–15 weeks whilst the children continue to take part in their normal class mathematics lessons.

The lessons focus on number and calculation, developing children’s mathematical understanding, communication and reasoning skills. Stimulating, enjoyable games and activities engage the children and build their confidence. Each topic starts with a simple assessment that helps the teaching assistant to tailor sessions to the children’s needs.

The teaching assistant starts working with their group of pupils straight after the first training day. Then the training runs alongside the implementation of the teaching programme, so that the Teaching Assistant is trained topic by topic.

Supporting Cambridgeshire’s School Improvement Strategy

**Success@Arithmetic Number Sense**

**Audience**
Teaching Assistants and Class Teachers

**Aims**
- To narrow the attainment gap for vulnerable groups
- To make effective use of Pupil Premium funding
- To promote mathematical thinking and understanding through a mastery approach
- To develop secure and confident calculation methods through carefully staged progression
- To develop Teacher and Teaching Assistants’ mathematical subject knowledge

**Description**
Success@Arithmetic Number Sense is a light touch calculation-based intervention developed by Every Child Counts through Edge Hill University. It is for children, usually in Years 3 to 5, who need support to understand the number system and develop fluency with number facts. It helps them to make faster progress and to catch up with their peers through a mastery approach.

Success@Arithmetic trains a lead teacher and a teaching assistant together. A diagnostic assessment supports the Success@Arithmetic steps to form a tailored programme of up to 24 sessions, adapted from detailed plans that the teaching assistant delivers to an intervention group of up to three pupils.

The sessions use number rods, bar modelling and written methods to build a complete mathematical picture, developing pupils’ arithmetical fluency.

The teaching assistant starts working with their group of pupils straight after the first training day. Then the training runs alongside the implementation of the teaching programme, in that way the Teaching Assistant is trained topic by topic.

Success@Arithmetic Calculation

**Audience**
Teaching Assistants and Class Teachers

**Aims**
- To narrow the attainment gap for vulnerable groups
- To make effective use of Pupil Premium funding
- To promote mathematical thinking and understanding through a mastery approach
- To develop secure and confident calculation methods through carefully staged progression
- To develop Teacher and Teaching Assistants’ mathematical subject knowledge

**Description**
Success@Arithmetic Number Sense is a light touch calculation-based intervention developed by Every Child Counts through Edge Hill University. It is for children, usually in Years 5 to 8, who need support to understand and develop fluency with formal written methods. It helps them to make faster progress and to catch up with their peers through a mastery approach.

Success@Arithmetic trains a lead teacher and a teaching assistant together. A diagnostic assessment supports the Success@Arithmetic steps to form a tailored programme of up to 24 sessions, adapted from detailed plans that the teaching assistant delivers to an intervention group of up to three pupils.

The sessions use number rods, bar modelling and written methods to build a complete mathematical picture, developing pupils’ arithmetical fluency.

The teaching assistant starts working with their group of pupils straight after the first training day. Then the training runs alongside the implementation of the teaching programme, in that way the Teaching Assistant is trained topic by topic.

Adult Mental Health First Aid

**Audience**

Any member of staff (including Head teachers, Senior Leaders, Governors, SENDCos, Family Workers, teachers or TAs) wishing to actively support all adults' mental health and wellbeing.

**Description**

Mental Health First Aid (MHFA) is an internationally recognised training course, designed to teach people how to spot the signs and symptoms of mental ill health and provide help on a first aid basis. In the same way as learning physical first aid, MHFA teaches people how to recognise those crucial warning signs of mental ill health and to listen, reassure and respond, even in a crisis.

Embedding a positive approach to mental health and wellbeing is well recognised as having long term benefits for our staff. The Chief Medical officer estimates that around 70 million working days are lost every year because of mental ill health, costing Britain between £70 billion and £100 billion. One in four people in the UK will experience a mental health issue in any given year; this includes adults within schools.

Research and evaluation shows that taking part in an MHFA course:

- Raises awareness and mental health literacy
- Reduces stigma around mental ill health
- Boosts knowledge and confidence in dealing with mental health issues
- Promotes early intervention which enables recovery

**Two day Course Aims**

The Adult MHFA Two Day course qualifies you as a Mental Health First Aider with:

- An in depth understanding of mental health and the factors that can affect wellbeing
- Practical skills to spot the triggers and signs of mental health issues
- Confidence to step in, reassure and support a person in distress
- Enhanced interpersonal skills such as non-judgemental listening
- Knowledge to help someone recover their health by guiding them to further support – whether that’s self-help resources, through their employer, the NHS, or a mix.

The two day course covers the following areas so that adults (eg staff and parents in schools) can be supported:

- Why Mental Health First Aid?
- The MHFA action plan
- What is mental health?
- Impact of mental health issues
- Stigma/ discrimination
- What is depression?
- Symptoms of depression
- Risk factors for depression
- Depression in the workplace
- Suicide figures
- Alcohol, drugs and mental health
- First aid for suicidal crisis
- Non-judgmental listening skills
- First aid for depression
- Treatment and resources for depression
- Self-care
- What is an anxiety disorder?
- First aid for anxiety disorders
- Crisis first aid after a traumatic event
- Alcohol, drugs and anxiety disorders
- Treatment/ resources for anxiety disorders
- Cognitive distortions and CBT
- Personality disorders
- Eating disorders
- Self-harm
- What is psychosis?
- Risk factors for psychosis
- Alcohol, drugs and psychosis
- Schizophrenia
- Bipolar disorder
- Warning signs of developing psychosis
- Crisis first aid for acute psychosis

One day Course Aims

The one day mental health awareness and skills course qualifies you as an Adult Mental Health First Aid Champion.

MHFA Champions have:

- An understanding of common mental health issues
- Knowledge and confidence to advocate for mental health awareness
- Ability to spot signs of mental ill health
- Skills to support positive wellbeing

Juliet Adloune (Improvement Adviser) has undertaken extensive training to become an Adult Mental Health First Aid Instructor, accredited by The Royal Society of Public Health. Juliet is offering discounted courses for all LA maintained schools/settings and Academies. If a school or cluster wishes to book a ‘closed course’ this can be arranged in negotiation and with additional discount (minimum 8, maximum 16 delegates).

Contact details from booking (including the name of the delegate and their email address) will also be used to register with MHFA England to allow for access to certificate/evaluation documentation etc.

The one day course covers the following areas so that adults (eg staff and parents in schools) can be supported:

- About Mental Health First Aid
- About mental health and stress in the workplace
- Stigma and discrimination
- Depression
- Anxiety disorders
- Other mental health issues (eating disorders, self-harm, psychosis)
- Early warning signs of mental ill health
- Alcohol, drugs and mental health
- Applying the Mental Health First Aid action plan
- Action 1: Approach the person, assess and assist with any crisis
- Suicide
- Action 2: Listen and communicate non-judgmentally
- Action 3: Give support and information
- Action 4: Encourage the person to get appropriate professional help
- Action 5: Encourage other supports
- Recovery
- Building a mentally healthy workplace
- Action planning for using MHFA

Cambridge & Peterborough Primary Schools’ Physical Education Conference

**Healthy Bodies, Healthy Minds – Ready to move, Ready to learn**

**Aims**

The focus for the 2019 Physical Education conference is about the legacy that well planned and delivered Physical Education can create.

After the opening address by Sue Wilkinson MBE (CEO Association for PE), headteachers and PE subject leads will have a choice of practical and theoretical workshops to address focus areas that are relevant to their professional and school needs.

These may include Yoga, Boxercise, Innovative approaches to teaching games, OAA and gymnastics, The Daily Mile, Active Maths, Active Literacy, Speed-stacking and much more.

The conference will feature the popular marketplace for teachers to explore products and services designed specifically for the PE and sport premium funding. Extended time will also be allocated to allow schools the opportunity to network amongst themselves to discuss best practice and any challenges they currently face.

**Description**

The event will focus on the holistic contribution PE can have on young people, particularly with respect to emotional, social and mental Health outcomes, as well as the more accepted physical outcomes. There will be a combination of keynote presentations and applied/practical workshops.

RE courses

Planning an RE Curriculum
- To consider how to plan the RE curriculum effectively
- How to plan using different resources and syllabus
- To make connections with enquiry based approaches and progression in RE

This session explains how to use the agreed syllabus in connection with planning an outstanding RE curriculum. It will cover the statutory requirements for the new RE syllabus as of September 2018 and how to plan for an exciting enquiry led RE curriculum. This will include exemplars that can be used as guidance for a variety of different schools and what resources are available and how they may be used.

New to RE
- To understand the place of RE in the curriculum
- What should be taught in RE?
- Simple methods to make RE exciting but relevant
- What are the world religions and how can I teach this as a non-specialist primary teacher?

RE is like a Tardis. Despite the small space it occupies in the curriculum, it is huge; encompassing nothing less than humanity’s most searching questions, its deepest hopes, the history of the world’s beliefs and their diverse manifestation in the modern world. Working with unfamiliar content and deeply held beliefs can be intimidating for teachers of RE (NATRE 2016). This CPD session aims to make non-specialist primary teachers of RE more confident in their curriculum and subject knowledge of RE. It aims to show how RE can be planned simply and effectively and so getting away from endless work sheets. It will also help to put RE in perspective in the curriculum and show its importance.

Creative ideas in RE
- To plan creative and effective RE
- To use a creative approach to engage and extend children’s understanding of RE
- To use a creative approach to explore AT2 so ensuring experiential learning and give children opportunities to foster spiritual and creative development
- To make the RE curriculum more meaningful through a creative approach

This session will consider different creative approaches to RE that extend and challenge learners across different key stages. There will be an opportunity to explore a range of resources that allow for creative and effective RE to be taught that will also excite and challenge learners. Particular reference will be made to AT2 and exploring this element of RE in a meaningful and inclusive approach.
**RE and Assessment**

- Understand how to use the new assessment tools in the Agreed Syllabus
- Consider different assessment opportunities to monitor progress in RE
- How to effectively assess in RE

In religious education, just as in other subjects of the curriculum, it is important to let pupils know how they are doing and what they must do next to make progress. As well as knowledge and skills, it is a key part of religious education that pupils’ positive attitudes to study should be encouraged and praised. This session will look at how to use assessment effectively in the classroom and to consider different approaches and opportunities to assess in RE. There will also be an opportunity to explore the assessment tool that has been created as part of the Agreed Syllabus.

**RE Network meetings**

(individual topics to be confirmed nearer the time)

To take place termly from 4.00 – 5.30pm at Peterborough and Cambridgeshire schools.

Venues and dates to be confirmed

---

**RE Roadshows/Workshops 2019–2020**

One and a half hours after school

**Autumn 2019 – Humanism**

- To understand the principles of Humanism
- To consider how to approach Humanism as part of RE

Humanism is an integral part of RE in all schools. This session will consider the principles of Humanism and the views of humanists to help gain a better understanding and inform teaching of this aspect of RE. The session will also consider different teaching approaches to Humanism.

**Spring 2020 – Buddhism**

- To understand the principles of Buddhism
- To consider how to approach Buddhism as part of RE

Buddhism is one of the oldest religions in the world and it is a requirement of the agreed syllabus that pupils have a chance to explore and begin to understand the principles of Buddhism. This session will help teachers gain a greater understanding of Buddhism and different approaches in the classroom.

**Summer 2020 – Islam**

- To gain a greater understanding of Islam
- To consider different approaches to Islam as part of RE

Islam is the one of the largest religions in the world. This session aims to help teachers gain a greater understanding of Islam to help them informal their teaching. It will also consider different approaches to teaching Islam as part of RE.

Venues and dates to be confirmed

---

**Exploring Different religions in primary RE**

- Understand enquiry approaches to exploring different religions
- Gain an understanding of what are the main world religions and world views
- To consider how different faiths and world views can be taught together

Having an understanding of our world’s different views and beliefs is an important life skill as part of getting pupils ready for life in modern Britain. This session will explore the different religions and world views to help teacher’s understandings and consider different approaches to teaching views that can be very similar or worlds apart.

**Audience**
School staff, Senior leadership team, SENCo’s, Teachers

**Aims**
- To become a Steps tutor for your setting
- Be able to train your staff to Step On level
- Must attend all 3 days of training

**Description**
Steps is a whole-school approach to behaviour management for all members of staff. Steps is a therapeutic approach to behaviour management is based on understanding the effect it has on individuals’ experiences and feelings. Steps uses the terms pro-social and anti-social to describe behaviour. For children presenting with significant anti-social behaviour, understanding and working with the individual’s experiences and feelings results in long term change.

TeachinCambs is a collaborative project between the LA Curriculum, Teaching & Leadership Team and a steering group of Headteachers from across the county.

There are a great many services which are free to all Cambridgeshire state schools and include:

- Unlimited job advertising (any staff vacancies; not just teachers) on www.teachincambs.org.uk
- Specially negotiated discounts with TES
- Quality candidates attracted through our website, recruitment fairs and social media
- Promotion of vacancies through our social media
- Support and advice throughout the year from our Teach in Cambridgeshire team.
- Access to our internship scheme and events to showcase our schools

**Strategic HR and People Planning:**

**a toolkit for Headteachers and Governors**

This toolkit has been developed by the TeachinCambs team, with input from headteachers and recruitment professionals. Its aim is to help you think about the ways in which you can maximise your chance to recruit and retain high quality staff for your school/Trust.

The toolkit is designed to be used by a school/Trust by itself as far as possible, but some sections, in particular the audit, branding and job satisfaction sections, are likely to be more effective when conducted by someone from outside the school/Trust. We are able to offer support with this:

‘What kind of employer am I?’

- Initial meeting with Headteacher to discuss the areas of focus.
- Producing a survey and running activities at a staff meeting
- Analysis of results
- Production of a report on the findings, with recommendations for next steps.
- Meeting with Headteacher to discuss the findings and create an action plan.

Outdoor Education Adviser Service

Advice, Guidance and Training for Outdoor and Off site Learning

Engaging learners in the wider outside world is a vital part of learning, developing their skills and knowledge allowing key skills to be reinforced and placed in context of the real world. The service supports schools and staff in their vision to make their learning intent a reality, planning for impact. It offers schools a comprehensive service in this important area of learning.

The Adviser shares expertise and experience from working in a wide range of environments with different groups of young people, as a face to face worker, deputy head and now adviser to schools. This depth of experience allows schools to have full confidence in the service. The Adviser knows the county and schools well and works with schools via email, phone or face to face meetings.

Leadership

The service engages with school leadership to supply, inform and update on all aspects of Educational Visits Policy and practice. This ensures that schools are working with the most up to date advice tailored to specific school situations.

Advice

Using well honed expertise in combination with the on line National Guidance resource, the service ensures that staff receive tailored and detailed advice / support for their plans. This ranges from local plans through to plans for visits abroad.

Support

The service offers schools a range of support options. The visit emergency fold out card for all staff to carry on a visit, and the VESN (Visit Emergency Card) for SLT to access the adviser in an emergency. Linked to this is the Managing a Offsite Visit Emergency course for SLT.

Training

To ensure that staff can fulfill their leadership role – training courses are offered.

- Educational Visit Coordinator Training
- EVC update (every 3 years)
- Visit Leader Briefing
- Managing a Offsite Visit Emergency Course
- Media Training for SLT
- Bespoke Courses – outdoor learning
- Outdoor First Aid and Forest School First Aid

Resources

The adviser maintains a stock of equipment to support schools — please see Evolve for more details.

Adviser

Stephen Brown

Supporting Cambridgeshire’s School Improvement Strategy

PSHE Service

Cambridgeshire Personal, Social and Health Education (PSHE) Service and Cambridgeshire and Peterborough Life Education (LEC) Programme

The PSHE Service provides guidance, consultancy, training and resources to support and enhance the health and wellbeing of children and young people and their learning.

This includes the curriculum for PSHE and Citizenship: its content, approaches to teaching and learning, monitoring and assessment.

In September 2020, Relationships Education and Health Education will become statutory, with the expectation that schools will begin delivering from September 2019. The PSHE Service will be providing support to schools for implementation, including reviewing and updating our resources, guidance and training to ensure they are line with statutory status.

Areas of work

We support schools in reviewing and developing whole school approaches, including policy and practice in a wide range of health related themes which include mental health and emotional wellbeing, drug education, relationships and sex education, anti-bullying, healthy lifestyles (including healthy eating), loss and change and citizenship.

We also have resources and training for specialist programmes, including Conflict Resolution and Peer Mediation, Celebrating Girls’ Friendships and Promoting Health in Early Years.

For Cambridgeshire primary schools we offer a subscription arrangement, which includes access to the online Primary Personal Development Programme and all its resources, consultancy support visits and discounts on courses, in school training and Life Education visits.

Annabel Talbot, Manager PSHE
PSHE@cambridgeshire.gov.uk
Telephone 01480 376256

Life Education

Life Education Cambridgeshire and Peterborough works in partnership with Coram Life Education, a national charity serving the needs of children in the UK.

Areas of work

LEC delivers ‘life skills’ based, primary drug prevention programmes to young people aged between 3-11 in mainstream and 3-19 in Special Schools. The age-appropriate programmes are delivered in high-tech mobile classrooms. Children are taught how the human body can be affected by drugs and are given the opportunity to practise the skills that will help them make good decisions.

The LEC classrooms provide an exciting environment with sophisticated audio and visual aids and use specially trained educators to deliver the programmes.

Louise Augarde, Senior Educator, LEC
PSHE@cambridgeshire.gov.uk
Telephone 01480 376256

Cost Details

Details of charges are available on request. Cambridgeshire primary and special schools who subscribe to the PSHE Service Wellbeing Programme are entitled to significant discounts on their LEC bookings.
