THE PROGRAMME WITH GUARANTEED IMPACT

Ambition Institute’s fully-funded Teaching Leaders programme allows primary and secondary school teachers in challenging contexts to rapidly sharpen their skills and improve outcomes for pupils. This two-year programme gives middle leaders who lead on teaching and learning the skills to drive school-wide improvement.

Teaching Leaders benefits for schools

> **Transform the quality of teaching.** Department for Education commissioned research shows that pupils in departments led by programme participants see results 0.6 of a grade point higher, on average, than those in comparison departments.

> **Unlock the potential of your most promising leaders.** Now is the ideal time to secure a pipeline of leaders for a sustainable future.

This programme will help you develop high-potential staff for leadership in the future. The programme is fully-funded, so your school will get all the benefits for no cost.

> **Retain your best staff.** In the year after completing the programme, 86% of participants remained in teaching, compared to 77% of similar teachers.

Teaching Leaders benefits for middle leaders

> **Advance your career – quickly.** The programme will give you the skills and knowledge you need to get the job you want. In a 2018 survey of participants, 63% had been promoted since completing the programme. And 84% of those did within a year of finishing Teaching Leaders.

> **Get support.** Becoming a leader of a school in a disadvantaged area can be challenging. You’ll join 14,000 committed, like-minded and optimistic school leaders from over 2,800 schools, forming a powerful peer group.

> **Invest in you.** You’ll learn how to manage developing your skills alongside your current workload.

1 IN 12 pupils achieve a higher grade at GCSE in departments led by a Teaching Leaders participant.
My deputy headteacher highlighted to me that the way I presented myself in my interview for head of department was really well thought out, and put that down to my experience with Teaching Leaders.

If you want your middle leaders to understand clearly what middle leadership is about, how they feed into driving whole school improvement, how they are accountable beyond their classes and for them to be able to devise well-structured action plans, then I would suggest this programme.
